

The VAE: experience boost for professional lives

The VAE programme provides students with part or all of a certification by **validating the skills and experience** he or she has acquired throughout his or her life.

What?

The VAE is one way to receive a **diploma, qualification or certificate** based on a minimum of 3 years of continuous or irregular experience that have provided an individual with skills and knowledge, whether through different professional scenarios or through working in an organisation.

Who?

Everyone: employees, non-employees or volunteers of any age, nationality, status and educational level.

How?

A VAE candidate can only file one request per year for the same diploma, qualification or certificate. A candidate can file a maximum of three requests during the same year for different diplomas or qualifications.
